

CAMS JDP newsletter

January 2013

Hi,

I hope everyone was able to have some time relax and catch up with family and friends over the Christmas/New Year period.

It gives me great pleasure to launch the JDP website. The address is www.camsjdptarmacsa.org.au. Have a look around and any suggestions for improvements would be welcomed. The next update will include a links page to our friends at Circuit Excel, Adelaide Superkart Club & SAMROA. The PowerPoint presentations may also find their way on the website. Not pretty and a bit "old skool", but functional. Huge thanks to my nephew Alex for hosting it on his server.

I've managed to convince the government authorities that we are a legitimate association and are now Incorporated. Our application for CAMS affiliation will go before the State Council meeting on Jan 15th.

An updated 2013 Information pack is available from the website and the 2013 dates are

JDP day 1 Saturday August 24

JDP day 2 Saturday September 21

JDP day 3 Saturday October 26

JDP day 4 Saturday November 16 – scope to move this day away from exams.

In the new year, we will look at what is required to offer a Cert II in Motorsport which will have a number of benefits for the JDP.

We should be right for 15" alloys & tyres for next year with 3 second hand sets purchased plus 8 second hand spare 15" tyres. The most recent purchase was a set of black alloys that needed a repaint. In the interest of creating a consistent look between all the cars, I have painted them silver. Even my 15 year old daughter helped with the sanding!

Mechanical Stig (Duane Gent from DG Mechanical) will replace the 2 Clutches in the new year.

All cars will have their mechanicals looked at and tinkered with during the “off season” before being moved into temporary storage. Car #1 (The purple 4 door) now looks like someone loves it.

Keep up to date with all motorsport news at speedcafe.com.au. If you haven't already viewed the Technical Features on SPEEDCAFE.COM, have a look at <http://www.speedcafe.com/category/videos/technical-features/>

Also if you have time, check out the Mighty Car Mods episodes at <http://www.youtube.com/user/mightycarmods>

Cheers,

Darren Mattiske (Mobile 0412 823 171) & Paul Wise (Mobile 0403 938 573)
