

Hi,

A big thank you for the driver trainers on Day 1, we had a couple stay home due to the flu, and also thank you for those letting us use their excels. Also thank you for Adrian and Jordan from Scouts SA that came down to observe what we do and ended up being driver trainers.

Some of the new licenses have started arriving in the mail. If you haven't received yours by now, let me know. When you receive your new licence, check that all the details are correct and stick the "Personal Details on the in side cover and the Licence on page 2 where it says "licence 1". Don't forget to sign and date it. Pop your membership card inside and protect it in a snappy lock bag. If you do not receive your licence before Day #2, don't forget to bring your temporary licence and also complete a paper entry form.

### **CAMS Event Entry**

I'm going to try use CEE for Day #2. Once you have your CAMS licence, go to <http://www.cams.com.au/> and register for CEE. Don't forget to watch the tutorial videos. If you have problems, resort back to the paper entry.

### **Homework**

On Day #1, we had fun scrutineering a car for the basic safety items. Did anyone check to see if the fire extinguisher was in date? You need to be able to refer to the section of the CAMS manual that will tell me how often a fire extinguisher needs to be serviced.

### **Day 2**

Wayne Pannowitch from Adelaide Superkart Club will be there to share with us what makes Superkarts so special.

Charise Bristow from the CAMS office will also be joining us and she may be able to tell us all about the Clipsal Young Officials program.

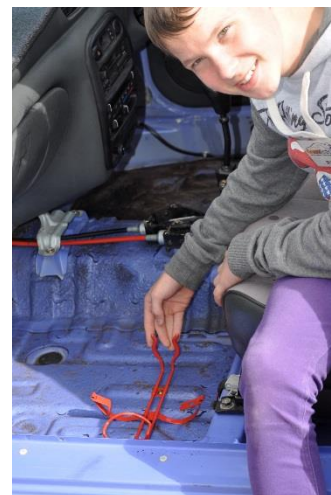

### **Car upgrades**

We have just placed an order with our friends at Autosport for some Velo race seats and harnesses to complete car #2. That will give us 4 complete cars. We will also be able to install camber bolts in the cars without camber bolts.

See everyone on Saturday September 27<sup>th</sup>

Cheers,

Darren Mattiske (Mobile 0412 823 171) & Paul Wise (Mobile 0403 938 573)
