

Hi,

Not much to report this month. We had the Mod Reg at Mallala last weekend. It was great to see the large presence of JDP, 9 out of the 51 entries were either past participants or their parents. We also had 3 loan cars. 2 of the 3 cars survived, unfortunately, the silver car we just did an engine swap and prepared for the event had a slight mechanical problem (the crank shaft stopped turning) so **let me know if you know of anyone with a spare twin cam engine.**

There will be meeting on Thursday 5th March at KGB Audio on OG Road, Klemzig. Some of the things on the agenda are SA Motorsport Park will close for redevelopment at the beginning of May and will not reopen until October, maybe November. This means we need to look at alternative dates and possible format change for the 2015 JDP. Also any issues from the 2014 JDP and anything we can improve this year.

Jaime Campbell from the TAFE SA Automotive section is looking at setting up an Intro to Motorsport Course. The aim is to provide students with basic knowledge to attend their first track day with an understanding of how the event will be run, what to organize and how to check the car before entering the event. They are still looking for a few more numbers so Jaime can start the course. Our category being an entry level may have a few members that could benefit from this. Information on the attached flyer.
