

Hi,

Welcome to the April Newsletter.

Car News

The new Red Twin cam "Cooper" is now ready for use if anyone want to use it for a come'n'try or an event.

We now have a replacement motor for "Scottie - the silver bullet" with the kind help from Will's Auto Parts at Kudla, just before Gawler. If you are looking for any parts for your Korean made car, contact Will. We will be arranging a pizza night to swap over engines so stay tuned.

Coffee with Eugene

While in Melbourne with work, I had a coffee with the CEO of CAMS, Eugene Arocca. One of the things we talked about was the JDP and he is excited about what we are doing. Watch this space.

Peter Hall Memorial - 6 Hour Modern Regularity Relay

Good news and bad news. We were unable to get enough entries to have own team, however, the good news was most of our drivers were poached by other teams. Everyone involved with the JDP should feel honoured that these young drivers have been asked to join established teams and have the opportunity to learn from experienced drivers.

2015 program

We are trying to finalize the dates for the 2915 JDP. The redevelopment work has been at Tailem Bend, however, the completion date is not until October and are not taking any bookings for the facility yet. This means the format will need to be tweaked. We will start by knocking the theory and some of the special presentations off at a venue in the city followed with 3 days at Tailem Bend 2 or 3 weeks apart.
