

Welcome to the September Newsletter.

Hi,

I think we can call Day #1 a success as everything mostly went to plan.

Huge thanks to the parents that helped with traffic cones, water barriers, BBQ and packing up on Day #1,

Day #2 is Sunday Sept 29th.

Skidpan in the morning and then move to the East Circuit after lunch.

It is compulsory to attend all classroom activities. If you choose not to attend the classroom session, you will forfeit your next track activity.

The Day #2 documentation will be uploaded to our website in the next couple of days. <https://www.tarmacjdpasa.org.au/forms/>

YouTube clip of the month

On Day #1, we spent time talking about cornering in the classroom and then put into practice on the track. Driving technique tutorials to make you faster, safer and more consistent on track.

Scott Mansell (no relation to Nigel) is a British racing driver and coach and YouTube personality. Try watching his series on “Everything You Need to be Faster on Track - The Driver's University”

https://www.youtube.com/playlist?list=PLAZL0MKQigFNSY0BTdt_GsDwxdHoeJ302

The 2nd video “the Racing Line” is a good review of Day #1

<https://www.youtube.com/watch?v=aZlOkt1oU2k>

The following 3 videos are designed for Computer Gamers; however, the principal is the same

- [Chapter 3A: Fundamentals of the Racing Line & Cornering](#)
- [Chapter 3B: Fundamentals of the Racing Line & Cornering](#)
- [Chapter 3C: Fundamentals of the Racing Line & Cornering.](#)

And a bonus video for all the geeks

<https://www.youtube.com/watch?v=4m94jpEp3Go>

Rob Wilson (Coach to F1 drivers) about Flat Car and more

Tax Deductible Donations

Tax time is coming up, did you know all donations of \$2 or more are tax deductible?

We are a member of the Australian Sports Foundation. This means you can donate to our project and claim it as a tax deduction. We have created a project to upgrade the safety of our JDP Training cars:- Race seats, Harnesses, & Roll cages. All donations will go towards these items.

Jump onto the ASF website site and make your tax-deductible donation today.

Correct clothing

We will be getting tougher on making sure everyone is wearing the appropriate clothing

- This made from cotton (flammable synthetic material, such as nylon, is not acceptable)
- Covered from ankles to neck to wrists
- enclosed shoes (with no skin showing between your shoes and pants)

Car update

Car #12 was collected by GH Haulage a couple of days after Day #1 and taken to Mt Barker High School where the automotive students are replacing the Clutch.

We are rotating through each day so they get a shake down before Day #4 and we will be having another working bee on the Saturday before Day #2.

Stay safe,
Darren
